 - Technical talks and conferences
 - Networking
 - Career advice
 - Thought leadership
 - Workshops
 - Partnership opportunities

How can the
CQF Institute
support your
students?

Technical Talks and Conferences

The CQF Institute hosts regular CPD-certified online talks and conferences with world-renowned speakers on the latest industry research and innovations.

Examples of past topics include:

- ESG and Climate Risk in Quantitative Finance
- AI and Machine Learning
- Quantum Computing
- Model Risk Management
- Quantitative Investing
- Quantitative Portfolio Management

Online events are live webcast, recorded and available on demand.

Free membership gives access to all events, helping your students gain insight into the world of professional quantitative finance.

Gomez

Networking

Online events and live local society meetings give members the chance to meet other professionals in their field.

Our membership base includes senior leaders and CQF alumni at tier 1 international banks, the big 4 accountancy firms, and other prominent organizations, many of whom turn to the CQF Institute when looking for new recruits.

Membership will help your students network with professionals and make the right industry connections before they enter the workplace.

Thought Leadership

Every year, the CQF Institute produces a wide range of thought-leadership content to educate our members.

This content includes:

- **Technical articles and blogs** on quant topics to keep our members updated on new innovations
- **Reports** on quant roles and the skills needed in industry
- **Podcasts** with leading industry experts on their latest research and advice for professionals entering the field

Help your students to stay updated on new developments and trending topics in the field of quant finance.

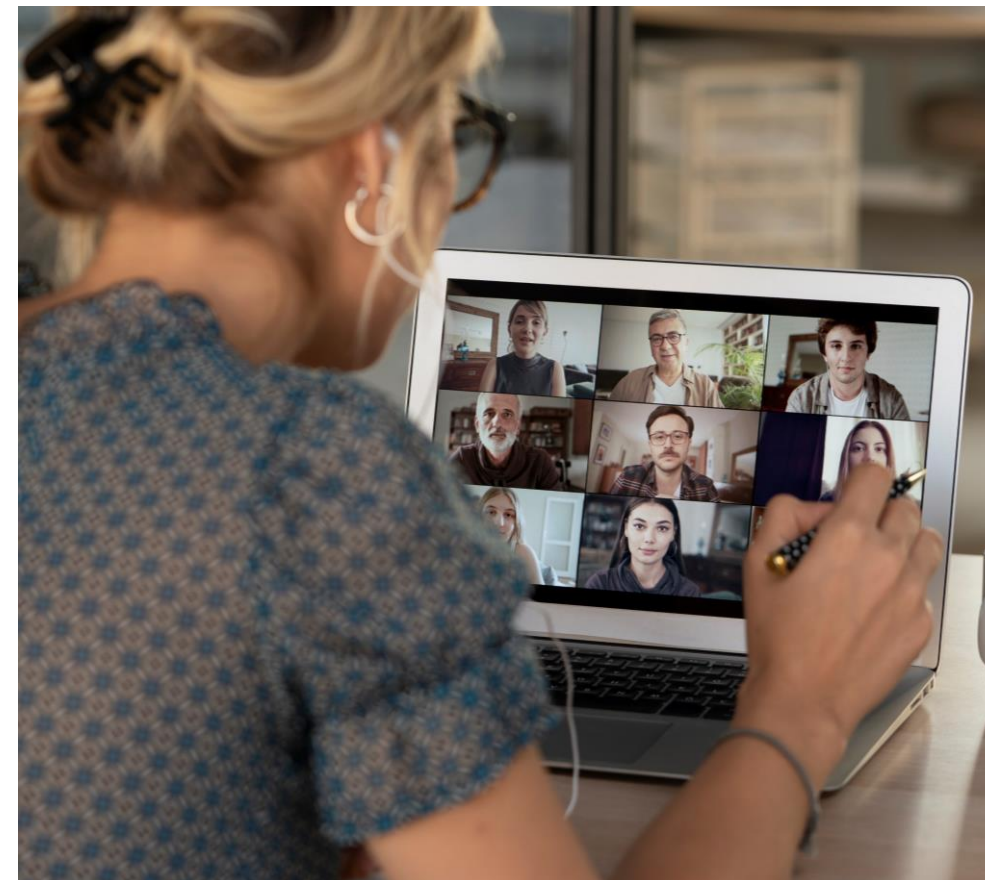

Workshops

The CQF Institute offers a range of quant finance-focused introductory workshops.

Topics cover key concepts in quant finance, including:

- Introduction to AI & Machine Learning in quant finance
- Introduction to Python in quant finance
- Key concepts in quant finance
- Careers paths in quant finance

Workshops for students to gain technical skills on key areas within quant finance.

How does a
university
partnership
work?

University Partnership

Empower your students to get industry ready

Key benefits for your students

- Professional membership demonstrates commitment to employers and helps your students stand out
- Membership offers students free access to:
 - A global professional network
 - Leading industry insights via technical resources and events
 - Networking with key decision makers to build connections before entering the workplace
 - Employment opportunities from leading financial companies
- Full-time students will have access to the Wilmott scholarship

Key benefits for your institution

- Maximize your students' career opportunities and exposure to industry research and innovations
- Association with a leading global professional membership organization
- CQF Institute membership and resources are free so there is no expense to your students or institution
- Opportunity to showcase your logo on the CQF Institute website

University Partnership

Empower your students to get industry ready

Next Steps:

1. Become a CQF Institute University Partner

- Sign our memorandum of understanding and then you will receive a partner certificate from us that you could share with your network

2. Get your students to register for free membership

- Send your students information about membership so they can register as free members and start accessing the content

3. Receive a monthly newsletter highlighting the latest member resources at your fingertips

- Features all upcoming CQF Institute events, the latest careers tools, and thought leadership

4. Pass the information on to your students

- We will work with you to find the best format for easily disseminating the information

5. Showcase your institution on the CQF Institute website (optional)

- Opportunity to add your university logo and URL on the CQF Institute website for maximum exposure

FORDHAM UNIVERSITY

A photograph of three business professionals walking towards the camera in a bright, modern office hallway. On the left is a man with glasses and a beard, wearing a black blazer over a white t-shirt and light grey trousers, carrying a brown messenger bag. In the center is a woman with curly hair, wearing a beige blazer over a grey top and dark blue jeans, holding a coffee cup. On the right is a woman with blonde hair and glasses, wearing a blue blazer over a light blue top and dark blue trousers, carrying a laptop. The hallway has a polished floor and large windows in the background.

Thank you
